

CIVIL CASE NO. 1:12cv271

Defendants.

ORDER

On February 14, 2013, the Magistrate Judge filed a Memorandum and Recommendation in which he recommended denying the Motion to Dismiss. [Doc. 18]. The parties were advised that any objections to the

Magistrate Judge's conclusions and recommendations were to be filed in writing within fourteen days of service of the Memorandum and Recommendation and that failure to file objections thereto would preclude the parties from raising any objection on appeal. [Id. at 5-6]. The period within which to file objections expired on March 4, 2013 and no objections to the Memorandum and Recommendation have been filed.

Having conducted a careful review, the Court concludes that the Magistrate Judge's recommendation is supported by the facts of record and the law. Accordingly, the Court hereby accepts the Magistrate Judge's Recommendation and denies the Defendants' Motion to Dismiss.

IT IS, THEREFORE, ORDERED that Defendant's Motion to Dismiss [Doc. 13] is hereby **DENIED**.
